March 2023

# **BILD Update**

We were successfully recertified by BILD in February 2023 for our PMVA course.

Well done to the PMVA team for their hard work over the last 12 months ensuring our high standards were upheld.

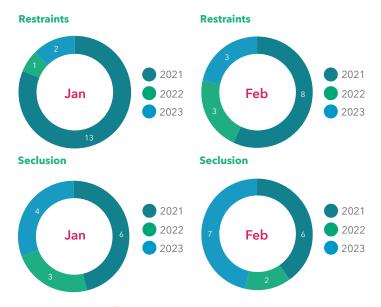

### Information and Resource

If you require a reminder about any PMVA techniques, remember you don't need to wait until your refresher - you can speak to one of the PMVA instructors on your ward who will be happy to help.

If you would like to discuss any aspect of the newsletter further or any PMVA issues in general, feel free to contact the Professional Development Team.

## **Patient involvement**

We are currently exploring how we can incorporate lived experience into the PMVA training, with the hope that our patients can attend and deliver some aspects of the training directly to staff.

Rick Mason, Recovery College Lead, has been working with some of our patients to include their feedback in the development and improvement of our training and we have now made links with Cygnet who are sharing some of their good practice which we hope to be able to learn from.
